

UPDATE ON THE DAVYHULME INCINERATOR

The Barton Renewable Energy Plant has been proposed for the Davyhulme area. This incinerator will burn wood from demolition and construction sites, solid recovered fuel, crops and agricultural residues to provide energy.

What can you do to stop BREP?

- **Object to the Trafford Planning Department**

Reference Number: 76153/FULL/2010

Email: development.control@trafford.gov.uk

Address: Chief Planning Officer, Planning and Building Control, Trafford Council, PO BOX 96, Waterside House, Sale, Greater Manchester, M33 7ZF

- **Object to the Environment Agency**

Reference Number: EAEPRSP3234HYA001

Email: psc@environment-agency.gov.uk

Address: PSC - EP Team, Quadrant 2, 99 Parkway Avenue, Sheffield, S9 4WF

- **Ask your councillors about their stance on the incinerator**
- **Sign the online petition**
- **Write letters to the local newspapers**
- **Tell your neighbours, family, friends and work colleagues**
- **Put our poster up in your window (Overleaf)**
- **Speak to headteachers, local community group leaders**
- **Join the Facebook group and join the discussion**
- **Research incinerators on the internet and associated health effects**
- **Express your concerns to the developers**
